

Physics Wallah

PW Skills currently offers two foundational coding courses: C++ (5 months) and Java (6 months) free of cost. It caters to Class 12 pass-outs, graduating students, and working professionals. C++ batches have already started, while Java is scheduled to go live on the 21st of October. As part of the same initiative, PW has launched its latest free YouTube channel CollegeWallah, which has already attracted over two lakh subscriptions in the first 10 days of launch. Co-founded by Alakh Pandey and Prateek Maheshwari, PhysicsWallah (PW) strives to ensure that money should not be an obstacle in the path to achieving one's dreams. It prepares students for engineering and medical entrance examinations by affordably providing them with guidance from distinguished teachers. The platform specializes in giving comprehensive lectures and sessions on YouTube, the PW app, and the website for students aspiring for NEET, JEE Main, and JEE Advanced.
